

VOCATIONAL GUIDANCE

BY

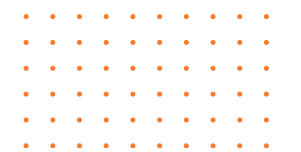

skilldunia®

Founded by RAKESH CHETTI, an esteemed alumnus of Lovely Professional University (LPU), SkillDunia is a pioneering ed-tech platform dedicated to empowering individuals with in-demand skills. Leveraging Rakesh's extensive experience in the industry, our mission is to bridge the gap between academic knowledge and practical expertise.

At SkillDunia, we envision a future where everyone has access to high-quality skill development opportunities, enabling them to thrive in their chosen careers. We strive to create a community of lifelong learners, equipped with the skills, knowledge, and mindset necessary to succeed in an ever-evolving job market.

Grateful for the opportunity to participate the Vocational guidance session organised by **Skill Dunia (ISO 2009:2015 Certified)** in collaboration with E-Cell IIT Hyderabad.

Vocational guidance, also known as career guidance or counseling, is the process of helping individuals make informed decisions about their career paths. It involves assessing personal interests, skills, and values to identify suitable career options.

Over all it was great session, I really enjoyed and learnt many things which will help in my future. So guys keep learning and exploring things.

Participated in a Vocational Guidance session organized by **Skill Dunia (ISO 2009:2015 Certified)** in partnership with E Cell IIT Hyderabad! This experience offered invaluable insights into career paths, skill development, and the evolving landscape of opportunities across industries.

Connecting with industry experts and like-minded peers provided fresh perspectives and boosted my confidence to take on new challenges in my field. Grateful for this opportunity and looking forward to applying these learnings to my journey in #FoodTechnology and beyond!

Thank you, Skill Dunia and E-Cell IIT Hyderabad, for this empowering session. 🌟

Participation Update 🌟
Recently participated in the seminar on Career opportunities by **Skill Dunia (ISO 2009:2015 Certified)** which covered a number of topics:

- Lack of skills
- Lack of experience
- Technological knowledge importance
- practical knowledge and skills development by internship
- lack of awareness due unnecessary exams, assignment and submissions
- importance of internship for creating awareness in a particular favourite field.
- lack of opportunities but not for skilled people.
- selection problem
- lack of basic skills
- training internship importance
